

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

It will soon be time for another city-wide clean-up campaign and we are glad to see that some more progress is being made on making the downtown area of Hamlin look much better.

It is with pride that we note that the east side of South Central is getting some face lifting. Just recently, the Cable Electronics office moved into a new office and eliminated a vacant building on the east side.

Up in the next block, two old buildings are being torn down and this should help the looks of the whole downtown area.

But the one that the whole town can really take pride in is the job that Mr. and Mrs. Horace Driver are doing on the old Safeway building. Not only are they filling up a vacant building but they are also putting in a new business for Hamlin.

They are still in the process of remodeling and stocking what should be a first class hardware store for Hamlin and no date has been announced yet for the opening. But, they have already improved the looks of the downtown area by just getting rid of a vacant building.

They are operating Arrow Service and Supply out of the building and you can see them working nearly every night on getting the hardware part ready.

We would like to join with the other merchants and citizens of Hamlin in welcoming them to the downtown area and are especially proud that they are expressing their faith in Hamlin by enlarging their business and making this improvement in our downtown area.

We received a copy of a letter this week from Cong. Omar Burleson that was sent to the Hamlin Memorial Hospital that marks another important step in keeping our hospital open. The letter follows:

Dear Friends:

It is with a great deal of pleasure I am able to advise that the Commissioner of Social Security has just indicated the Hamlin Memorial Hospital has been determined to meet the criteria of the "Burleson Amendment," relative to nursing requirements. As you know, of course, this means that the Hospital will be able to continue participation under Medicare, insofar as nursing requirements are concerned, and in due course the Regional Office of HEW will so advise you.

Needless to say, as the author of this legislation, designed to give relief to hospitals in our smaller towns where it is extremely difficult to obtain nurses, this is especially gratifying to me. As you know, it will allow a one-year period in which to obtain additional staff.

I wish all of you every continued success in the operation of the Hamlin Memorial Hospital.

With warm good wishes, I remain

Sincerely yours,

Omar Burleson

For those of you who are qualified to vote in the upcoming city and school elections, but are making plans to be out of town Easter weekend, we would urge you to go vote absentee now.

These are both important elections and every qualified voter should take part in making the decisions that will determine who will be representing them on these two governing bodies.

So don't let Apr. 1 slip up on you. If you think you might be out of town you should go vote now.

Board Trims Prospect List For Superintendent to 14

With the deadline for making application past, the Board of Trustees of the Hamlin Independent School District narrowed the field of candidates for superintendent down to 14 here Monday evening in their regular monthly meeting.

The board made plans to meet in a called session in the near future to cut this field down to eight. Following a check of references and other inquiries, the board hopes to interview from six to eight candidates and

make the final selection of a replacement for Superintendent C. F. Cook who is retiring this year. No date has been set for making this final selection.

The board, in other action, voted to extend the two year contracts of High School Principal B. V. Newberry, Junior High Principal Marvin Carlton, Elementary Principal Mrs. Mary Brown and Band Director Tim Jones. All of these have two year contracts which were extended one year.

Because of school policy, the board voted not to extend the contracts of Primary Principal, Mrs. Fred Smith, and Vocational Agricultural teacher T. C. Blankinship. Both of these teachers have reached the age of 65 and it is the policy of the board to grant only one year

contracts beyond that age. They both have one year remaining on their contracts.

The board took no action on extending the contract of Deane Wright, athletic director. He has a one-year contract which expires this year.

The board also voted to purchase a new school bus for the coming year. It was pointed out in the discussion that for the district to replace a bus after nine years of service it is necessary for the district to purchase two busses every three years. The district purchased a new bus last year, but did not buy one the year before.

They approved the Textbook Committee's selection of textbooks for the coming year and set the Oil Equalization Hearing for July 19.

Volleyball Tournament Dates Set

Dates for the Hamlin Jaycee Volleyball Tournament Apr. 6, 7 and 8 have been announced by the co-chairmen Jerry Smith and Milburn Wink.

Practice dates in the Hamlin Public Schools Gymnasium, Southwest Second Street, will be Mar. 21, 23, 28, 30 and 31 at 7 p.m.

Anyone wishing to enter a team in the tournament or sponsor a team should call one of the chairmen.

CORK LEADS WAY—

Hamlin Places Third In Ballinger Meet Saturday

Two sophomores and a freshman rolled up 56 points in the Ballinger Track meet to put Hamlin in third place behind Junction with 76 and Sonora with 68. For the third week in a row, Sophomore Bill Cork was the top individual in the meet with 36 points.

Cork set two of the eight new records set in the meet as he set a new record in the broad jump and the 220 yard dash. He leaped 22-6½ for the new broad jump record and ran the 220 in 22.3 for a new record in that event. He also took a first in the high jump with a jump of 6-2 and was third in the 100 yard dash with a time of 9.9.

Freshman Johnny Jones took second in both the 100 and 220 yard dashes. He ran the 100 in 9.8 but was just inches behind Rotan's Willie Brown who set a new record for the meet with 9.8.

Sophomore David Willis picked up a fourth in the high hurdles to round out the Piper scoring.

The Piper relay time dropped the baton in the 440 yard relay and failed to finish the event.

Other district teams in the meet were Haskell with 43½ points, Anson with 29 and Rotan with 10. Host Ballinger had nine points.

The Piper tracksters will travel to Hale Center this Saturday for their fourth meet.

Easter Seal Appeal Letters Now In Mail

45,000 Easter Seal appeal letters went into the mail Monday afternoon in Abilene from the Easter Seal Society of West Texas. Proceeds of the Easter Seal appeal in King, Knox, Stonewall, Haskell, Fisher, Jones, Shackelford, Nolan, Taylor, Callahan, and Runnels counties go directly to the operational budget of the West Texas Rehabilitation Center.

Homer H. Scott, Chairman of the 1972 Easter Seal campaign, stated that \$20,000 of the year's operational monies of the WTRC must be raised through the Easter Seal appeal. The West Texas Rehabilitation Center, which has served over 17,000 since its inception, was organized as an Easter Seal facility.

Andy Brown To Attend State Meeting

All vehicles must have 1972 license plates Apr. 1.

NEWLY QUALIFIED VOTERS — Hamlin High School civics students who have reached the age of 18 and have registered to vote are from left, Ricky Covington, Larry Robertson, Billy Kerns, Fernando Rangel, Sandra Tyler and Harold Don Smith. These students and their classmates discussed recently their feelings regarding the 18 year old right to vote.

Local 18-Year-Olds Show Concern for Right to Vote

A class discussion held recently in the Hamlin High School civics class taught by Mrs. Frank Codington brought out the fact that 18 year olds are giving a great deal of thought to the new privilege.

At the request of this newspaper, Mrs. Codington asked their opinions on the new voting age.

In the class of 25 fifteen will be 18 in time to register for the General Election. Six members of the class have registered. One observation of interest was the fact that some of the ones who had registered were reluctant to express their opinions in the open discussions.

The class, which is a one semester required course, is made up of seniors. They have been studying voting, political parties, nominations and elections. Mrs. Codington said that the class is showing a very keen interest in the study and are very concerned with the governmental process.

Dialogue of the class discussion follows:

JACKY WARNER: "Voting is a privilege that not everyone is taking advantage of. Not everyone is interested."

JAN GARDNER: "It's great that young people have a say in

government affairs."

MARTHA ELLISON: "Not all 18 year olds have much maturity. I wish there was a way to judge their maturity before they vote."

JUNE RODDY: "Just the mature will vote anyway."

MARTHA: "Election is not the place for rebellion, but some young people might use it that way to go against their parents."

BILLY KERNS: "Right of voting should have been given to 18 year olds a long time ago."

BRYCE FOWLER: "...should be able to choose who will tell 18 year olds to fight or who is going to set rules for them. It is good that 18 year olds can vote."

MIKE DONHAM: "...should have given the right to us a long time ago. The majority of the U. S. are teenagers. We should take advantage of the right to vote."

JACKY WARNER: "Candidates will appeal to young people."

TERRY BAILEY: "Young people do not understand how to vote."

LARRY ROBERTSON: "Young people able to vote have what they want for the future. They can start working for what they want now when they start

voting."

BRYCE: "Some young people will side with parents; others will become the radicals."

RICKY COVINGTON: "Should lower age for other things."

BILLY KERNS: "...should have more rights since they are going to have to fight."

LARRY: "Young people will be listening to the older generation."

ARTHUR VANZANDT: "When 18 year olds get one right, they will want more."

RICKY: "Black people able to vote help them to help their race. Voting is a great help for youth today. Those who do not take advantage don't care what happens. It's great to be able to vote."

FRIETA STEWART: "...a privilege — no room to complain."

BILLY BOIL: "...need to vote today, because we will be leaders tomorrow."

SANDRA TYLER: "I think it is a privilege that we are able to vote, and we should take advantage of it. What we do will affect the future."

FLORENC LOPEZ: "I feel that voting is an important obligation, and it lets you do something for our country."

Miss Cumbie wore a gown of yellow satin with scoop neckline and long fitted sleeves. She carried a cascade of white carnations and gypsophila.

Xi Gamma Pi Meets Thursday For Program

Members of Xi Gamma Pi Chapter of Beta Sigma Phi met in the home of Mrs. C. Weldon Griggs Thursday afternoon.

Joan Boaz brought the program on the "Enjoyment of Art." No one is completely ignorant of art, she stated. Most people see a painting as a picture. She went on to say that all paintings begin with a subject but the subject should be only a point of departure — for whatever the painter has to say. "Painting is interpretation, not imagination. A painting is great to the extent that it enlarges our experience, to the extent that it enriches or clarifies our inner world — not to the extent that it echoes the look of the world around us," she noted.

Mrs. Howard Mehaffey, president, presided over the short business meeting.

Announcement was made by Mrs. L. C. Bonds concerning the paper drive being underway to

FROM THE FILES . . .

FORTY-THREE YEARS AGO
(March 23, 1929)

Another old land mark is disappearing off the scene in Hamlin. It is the Union Tabernacle, a structure that has served Hamlin as a place of public meetings since 1915. It was constructed for holding religious meetings owned partly by First Baptist Church, First Methodist Church, Presbyterian Church and Central Christian Church. Workmen are dismantling the tabernacle and in a few weeks will begin some kind of brick structure, perhaps two duplex houses, according to reports.

A way back yonder, probably about twenty-one years ago, there was built in the young and blooming city of Hamlin a two story, frame school house. This structure was later moved and converted into a hotel, the Hamlin Inn, furnishing twenty-five rooms. But with buildings, like people, they must pass away and today the Hamlin Inn stands as a wreck of blackened ruins from the fire last Friday night.

Cement Plaster Wall Board, sometimes called Rock Board, Sheet Rock and other terms, is fast becoming known as the best inside building material that has been discovered or manufactured. The Texas Cement Plaster Co., a Fisher Co. factory, six miles west of Hamlin is one of the largest concerns of its kind in Texas.

TWENTY YEARS AGO
(March 7, 1952)

Three women entered the Hamlin city political arena last weekend as closing time for filing names for places on the city election ballot neared. They are seeking election to the Hamlin City Council in the three places being made vacant by the expiration of terms of three alderman. This is the first time in Hamlin history women have filed for places on the city ticket. Candidates are Mrs. L. L. Cowan, Miss Pearl Hudson and Mrs. Joe Simpson.

People of the Hamlin area are

advised that a supply of free rat poison is still available at the office of the Hamlin Chamber of Commerce.

Tickets for the annual Chamber of Commerce membership banquet, to be staged next Friday evening at the Junior High School cafeteria, were being purchased by area citizens at a fair clip this week, report members of the banquet committees.

Stamford's new Paint Creek Lake may be ready to start supplying water for Stamford and Hamlin late summer, it was stated by Stamford city officials and representative of the L. & S. Construction Company Houston, contractors for the dam at the big project.

TEN YEARS AGO
(March 15, 1972)

Heidenheimer's of Hamlin, the city's newest department store, is announcing the opening of their new store with a grand opening sale this weekend. The local store became the sixth store in the Heidenheimer operation when the company bought out Malouf's Department Store some time back.

Neinda Philosopher Looks At the U. S. Reporters' Reports On the Visit to China

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One has been listening to the reporters' summaries of their trip to China, his letter this week reveals.

Dear editor:
A lot of columnists who didn't get to make the trip to China have been complaining that nobody has found out what actually took place over there, if anything, but they were looking for the big things when they should have been looking for the little things.

For example, on his return, Walter Cronkite, in summing up some of his impressions which didn't include what went on at the summit talks since he couldn't find out any more than you and me what went on there, said he couldn't get over how clean the streets of Peking were, and contrasted them with the streets of New York and other big cities where I understand it's considered unsanitary for children to play hop-scotch.

He pointed out also how 200,000 Chinese turned out one day to shovel the snow off Peking's streets.

Well, I'll tell you. If 200,000 New Yorkers tackled their streets some morning it'd make a difference too.

But what I wanted to know, and what the television reporters never thought to ask, is what would those 200,000 able-bodied Chinese have been doing if they weren't shoveling snow? Don't they have regular jobs?

Also, the reporters and the other visitors too couldn't get over the immensity of the ancient Chinese Wall, the 20-foot-high, 40-foot-thick monstrosity running for thousands of miles over mountains and through valleys and built over 2,000 years ago by 300,000 slaves.

If you'll give me 300,000 slaves who'll work for a bowl of rice a day, and 50,000 other

slaves who're growing and delivering that rice at the same rate of pay, no telling what I could build...maybe a paved highway to every house in the

REMOVAL OF MOTOR VEHICLE INSPECTION CERTIFICATE

If a motor vehicle, trailer, semi-trailer, pole trailer or mobile home registered in this State is damaged in a motor vehicle accident to the apparent extent that it would require repair before passing state inspection, the investigating officer shall remove the inspection certificate from the vehicle windshield and shall give the operator of the vehicle a dated receipt. Within thirty (30) days of the date indicated on the receipt, the vehicle shall be re-inspected. The vehicle may be driven during this thirty day period with the receipt.

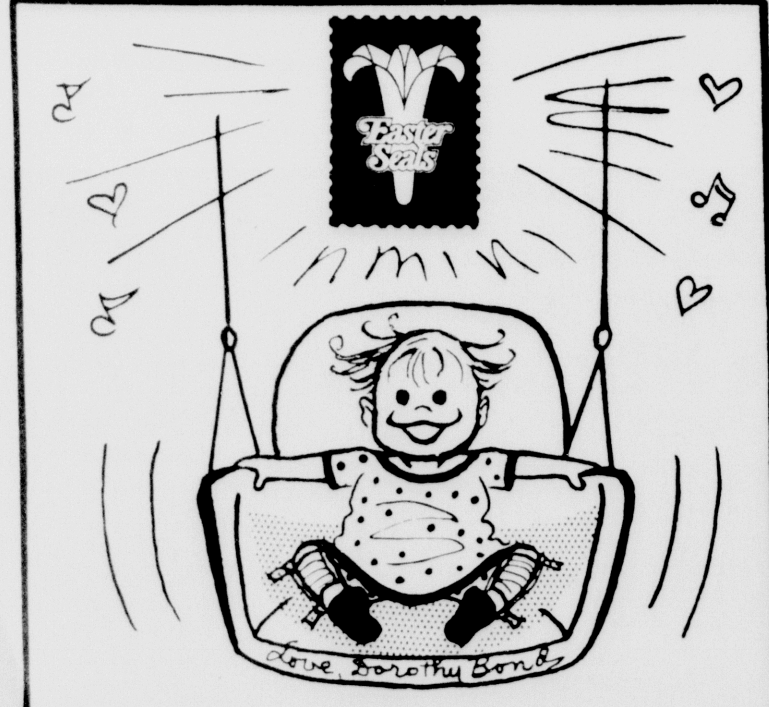

country and a rock fence around every farm and ranch, provided somebody would furnish the wheelbarrows and the whips.

But that was ancient China. How about modern China? I don't know a thing about it, same as the reporters who've been there, but there must be some people over there who, looking out the window from beneath their warm cover on a winter morning, sure hate to see it snowing.

Yours faithfully,
J. A.

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Mr. Davis lives alone in Southeast Hamlin and still goes

to town about twice a week, his family said.

He came to this area in 1925 and worked as a farmer and was also employed at the gravel pit.

He was born in Lee County but he said he did not know the exact date of his birth. He and his wife, Mattie, adopted three children. His wife died about 1950 and the three children are deceased.

He has one son, four grandchildren and one great grandchild. A brother, George, lives in Snyder.

No person shall open the door of a motor vehicle on the side available to moving traffic unless and until it is reasonably safe to do so, and can be done without interfering with the movement of other traffic, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers.

Garden Club Makes Donation To Foundation

The Hamlin Garden Club met Thursday afternoon in Harden Memorial Library. During the business session, the club voted each member to give a minimum of \$1.00 per member contribution to the Hamlin Foundation. "Stepping Stones," a book of rules for Garden Clubbers, was presented to Mrs. Joe L. League by Mrs. R. D. Moore, as a farewell gift from the club. Mrs. League is moving to Snyder where her husband was transferred.

Mrs. C. F. Cook gave the program on "African Violets." The Community Service Committee reported that they had met with Mr. Ellis West to make plans to help clean up the City Park.

Planning to attend the District VIII Spring Convention March 21 in San Angelo are Mrs. Horace Driver, Mrs. R. L. Goodgame Jr. and Mrs. A. J. Winegeart.

Nine members attended the Texas A&M Extension Garden Clinic in Stamford Friday.

Darrell Craig On Honor Roll

The University of Texas at Austin has named 446 students to the fall semester honor roll in the College of Natural Sciences. To be listed on the honor roll, a student must have earned at least 52 grade points during the semester, passing all courses. Total grade points are calculated by multiplying the number of semester hours undertaken by the value of each grade. (A equals 4 points.)

From Hamlin listed cum laude was Darrell Craig, freshman, son of Mr. and Mrs. Bob Craig.

School Census For Beginners Now Underway

Officials at the primary school are requesting the names and birth dates of all children born between Sept. 1, 1965, and Aug. 31, 1967, to complete their records for the coming school year.

Information on all children born between these dates is needed on a census blank. Parents who have not filled in a census blank should call the primary school, 576-3881 for further information.

All children starting kindergarten and first grade in August, 1972, must have a birth certificate. Parents who do not have birth certificates for all of their children should start now obtaining these.

According to the Immunization Law for the State of Texas, all children starting kindergarten and first grade must have had the following immunizations: the three (3) dose series and booster of diphtheria-whooping cough-tetanus (DPT) since their fourth birthday; the three (3) dose series and booster of polio since their fourth birthday; Rubeola (measles); and Rubella (three-day measles).

All parents must furnish the school proof of these immunizations on a hospital or doctor's record signed by a doctor. Children cannot be enrolled until these immunizations are completed.

Children who are presently enrolled in school but are not completely immunized before school begins for the 1972-73 term Aug. 21 cannot be enrolled. This is a state law and not a school ruling.

RIDING IN HOUSE TRAILERS

Stamford Electric Plans Annual Meeting Saturday

The 33rd Annual Meeting of Stamford Electric Cooperative, Inc., will be held Saturday, Mar. 18, in Stamford at the High School Auditorium, beginning at 9:30 a.m., according to Charles W. Stenholm, General Manager.

Featured speaker for the occasion will be Bob Murphey, a well known humorist, who is a practicing lawyer in Nacogdoches, Texas, and much in demand as a speaker with a down-to-earth philosophy.

One very important feature of the day's events will be the election of three directors.

Amendments to the Articles of Incorporation will be presented to the members for their approval. These Amendments pertain to the election of directors, the provision for membership in the Cooperative and for borrowing from National Rural Utilities Finance Corporation.

A major highlight of the day's activities will be the drawings for prizes, with a color television to be given away at 2:00 p.m. A barbecue lunch will be served at noon and entertainment provided throughout the day.

BOB MURPHEY
SEC speaker

"We hope every member family of SEC will attend this year's Annual Meeting, to become involved in the business of their cooperative. We also extend a cordial invitation to all our friends, here and in the area, to join us for this 33rd Annual Meeting," said Stenholm.

A light shower of rain fell here Sunday night. Sort of freshened up the air, much more would be welcome.

The Old Glory Pirates and many of their fans were in Austin at the State Basketball tournament last Saturday. They didn't win their game against Snook Saturday morning, but they only lost by one point. They will always be remembered as the team that went to State, and are certainly congratulated for their fine record. Fans at home were again grateful that the game was being broadcast of KDWT Radio in Stamford.

Congratulations are again in order for Isaac Castro, who was the boys' division winner of the Stamford Electric Cooperative Youth Tour Oratorical contest held in Stamford on Monday night of last week. Isaac will join other Texas young people for a twelve-day expense paid trip to Washington, D. C., in June.

Mr. and Mrs. Charlie Letz returned last Friday from a weeks tour of various points in Texas. They spent two days visiting with their son Roger Letz and family in Fort Worth and Whitney, they visited her brother, Leon Dippel, in El Campo, and his sister and husband, Mr. and Mrs. Ervin Korff at Woodsboro, and they also went on a sight-seeing tour in the Rio Grande Valley.

Farmers Union District B-B-Q Set In Haskell

An interesting evening is in store for those who attend the Farmers Union District III Annual Barbecue to be held at the Elementary School Cafeteria in Haskell, on Mar. 21, at 7:30 p.m. District III is composed of the following 15 Rolling Plains counties: Baylor, Callahan, Cottle, King, Fisher, Foard, Hall, Hardeman, Haskell, Jones, Kent, Knox, Stonewall, Taylor and Wilbarger.

State Senator Joe Christie of El Paso will be the principal speaker for the evening. Christie is a candidate for Democratic nomination as Lt. Governor. He has served three terms as a senator and was named outstanding freshman senator in 1967 by the Texas Sheriff's Association.

John Scarborough, Route 1, Hamlin, chairman of the Banquet Committee, states that tickets are available from Farmers Union officials in all District III counties and that the admission is \$2.50 per person. Scarborough predicts a sell-out crowd at the barbecue and reservations should be requested as quickly as possible in order to be assured a ticket.

J. L. Hill Jr. Resigns As PCA President

At a meeting of the Board of Directors Friday, J. L. Hill Jr., president of the Rolling Plains Production Credit Association, advised the Board of his decision to retire effective June 30, 1972. He had originally planned to retire at the end of 1972 but due to other business interests, decided to retire at the earlier date.

Mr. Hill became manager of the Stamford Production Credit Association in 1935 and has served approximately 37 years as head of that organization and the Rolling Plains PCA which resulted from a merger of the Stamford and Memphis PCA's in 1965. When he became manager of the Stamford PCA in 1935, loans outstanding were approximately \$100,000.00. Currently, loans outstanding total \$20,000,000.00.

Prior to becoming manager of

the Stamford Production Credit Association, Mr. Hill was associated with a bank in Rule, for 10 years.

Mr. and Mrs. Hill plan to continue residing in Stamford following his retirement.

Following Mr. Hill's decision to retire, the Board elevated J. R. Gleaton to the position of president effective June 30, 1972, with R. C. Cobb and Bill Glenn to serve as vice presidents. The Rolling Plains PCA maintains its headquarters in Stamford with Field Offices at Munday, Childress, Matador and Spur.

Texas Highway Signs, Markings Due To Undergo Sweeping Changes Soon

AUSTIN — The Texas Highway Commission has approved sweeping new changes in traffic control devices — signs, signals and highway markings.

The changes are in the Manual on Uniform Traffic Control Devices approved by the Commission. The manual incorporates changes prepared by the Federal Highway Administration based on recommendations by a national committee of the American Association of State Highway Officials.

The new philosophy in signing recommended by the manual involves the changeover from words to symbols and pictures as part of an international move toward greater uniformity and clarity in road signs throughout the nation.

In Europe, the system of symbols and shapes has been used effectively for the past 20 years among multi-language countries where uniformity is necessary for efficient traffic control.

The new signs and other traffic control devices have been under study in this country since 1964. One of the primary reasons for the new system of symbols and shapes is that they will enable people of different national and cultural backgrounds to easily identify traffic signs while driving.

Panels explaining the new symbols will be placed under the signs so motorists won't be confused. Traffic engineers hope that the public will become familiar with the new symbols

and shapes in about five years so the panels can be removed.

In Texas, the changeover will be gradual, with new signs going up on a replacement basis initially. The manual will become effective June 1, 1972.

Although there will be new symbols, shapes and colors, the majority of the existing signs will remain unchanged.

The new yield right-of-way sign will have a wide red border and white interior and will retain the word "YIELD" in red inside the border.

The new prohibitive signs will all have a red circle with a slash cutting diagonally through the center which will mean "DO NOT" or "NO." The symbol inside the circle will show what is prohibited. For example, a sign showing a left turn arrow which is surrounded by a red circle and a slash means "NO LEFT TURN."

The yellow diamond-shaped signs will still stand for a warning, but some of the symbols showing hazards ahead will be new. For example, the message, "MERGING TRAFFIC," on a yellow diamond-shaped sign will be replaced by a black arrow being joined by a smaller black line. It is hoped this will minimize confusion as to which stream carries the merging traffic.

There is a major change in the school advance sign and the school crossing sign. These signs will now be pentagon in shape, with the figures of two school children being shown in black on a yellow background.

Color will become more

important in the new system.

Red will indicate stop or a prohibition, green will show movement permitted or give directional guidance, blue will signify motorist services, yellow will indicate a general warning, and black on white will be used for regulatory signs such as those for speed limits and for most guide and destination signs.

In addition, orange (a new color in the manual) will convey construction and maintenance warnings.

The new traffic control devices manual also includes major adjustments in the use of color lines for pavement markings.

White broken lane lines will remain on divided, multiple-lane highways such as Interstate Highways. The white broken line will denote that there is more than one lane, but that traffic in all lanes travels in the same direction. Solid white lines will be used for edge lining on two-way roadways, crosswalks and road markings.

Yellow striping will be used a great deal more than in the past and will denote two-way traffic. The combination of broken and solid yellow stripes will indicate to the motorist what is permitted.

A yellow broken centerline will mark the division of the road where passing is permitted. A solid yellow line to the right of a broken yellow centerline will mean no passing is allowed for traffic in that lane. Double solid yellow lines will denote the center line of an

ECOLOGY PROJECT — Pupils in the second grade had their collection of old newspapers displayed along with other displays in their rooms for open house Tuesday, Mar. 7. Here, Mrs. Smith, teacher and primary principal, is shown with Judy Crouch, Ray Morales, and Deana Pritchard. The papers collected by the children will be taken to a central collection point at the BCD office and from there will be sold for re-cycling. The children will donate the proceeds to the swimming pool fund. Others may join the project by taking the papers tied in bundles or boxed to the BCD office.
